

## POKER LOTTO GAME CONDITIONS AND PRIZE STRUCTURE STATEMENT ("GAME CONDITIONS")

### 1. Effective Date

These Game Conditions shall come into force and apply to POKER LOTTO tickets when POKER LOTTO tickets are first offered for sale by Atlantic Lottery Corporation Inc. (ALC) and these Game Conditions shall apply to all draws held thereafter for the game POKER LOTTO until they are amended by ALC.

### 2. Rules and Regulations

POKER LOTTO is governed by and subject to the Rules and Regulations of the Atlantic Lottery Corporation Inc. (ALC), which are available upon request, and WHICH INCLUDE LIMITATIONS OF LIABILITY, and all applicable laws.

### 3. Issuance of Tickets

To participate, an eligible player must request a POKER LOTTO ticket from an eligible ALC retailer and pay the required amount which is based on the number of selections purchased on the ticket. The player must choose the number of hands (selections) to be purchased. A participant can choose a maximum of 3 hands per transaction. One (1) hand consists of five (5) cards chosen by the central gaming system from a standard 52 card deck. POKER LOTTO selections are available via InstaPik only – no selection slip is available. Each hand costs \$2.00. TAG can also be added to the ticket for an additional cost of \$1.00 per TAG selection (to a maximum of 10 TAG selections per ticket). Upon purchase, the player will obtain a ticket showing, among other things, the date of the draw for which it is valid, if the ticket has an instant win or not (and, if it is a winning hand, the amount of the instant win), the cards that were chosen in the selection, the amount of the ticket, control number and other relevant information. Along with the ticket, an animation will appear on the Customer Display Unit (CDU) displaying each 5 card hand purchased. The cards which appear on the ticket are the same cards which appear on the CDU during the animation. There is no advance play purchase option for POKER LOTTO when purchased at a retail location.

POKER LOTTO is also available for purchase on [alc.ca](http://alc.ca). On [alc.ca](http://alc.ca), similar to retail locations, an animation plays out on the screen displaying each 5 card hand purchased. A participant can choose a maximum of 100 hands per transaction. Advanced play is not available when purchased on [alc.ca](http://alc.ca).

### 4. Winning Selections

Winning selections, as a result of any draw, are determined as set out below. POKER LOTTO consists of two (2) components: an instant play component ("Instant Play") and a draw component ("Draw Play").

#### Instant Play

Once a ticket is issued, the hand(s) are displayed on a CDU and printed on the ticket. If purchased on [alc.ca](http://alc.ca), a video overlay will appear and the hand(s) will be displayed. If a hand contains the cards that make up one of the Winning Selections (Poker Hands) as set out in the table below, the player wins the corresponding prize as set out in Section 6 below.
