The game disconnects if you do not take any actions for a specific number of consecutive minutes (this number varies depending on jurisdiction); the session recovery feature will save the game progress so that the next time the game is loaded, you can continue where you left off.

In the event of technical difficulties resulting in a dropped connection to the game server, the game you were playing is saved automatically and will load the next time you establish a connection to the game server. You will not be able to reconnect to the game server for the first 30 seconds after the disconnection.

**Note:** In case of malfunction all pays and play are voided; any bet that was not yet accepted will be voided, any bet that was unsettled will be refunded.

## 2. HOW TO PLAY

All winning ways pay from left to right. Winnings on different ways are all added. Only the highest winning combination on each way is paid. Winnings from Free Spins are added to the total win.

To toggle between credit or your real currency, click in the BALANCE area (Available only for specific jurisdictions).

## 3. SPECIAL SYMBOLS AND FEATURES

### 3.1. Megaways

Megaways under license from Big Time Gaming.

Each spin can have up to 117,649 ways to win. Wins are awarded for left to right adjacent symbols, starting on reel 1, regardless of size.

### 3.2. Wild

The **Wild** symbol replaces any other symbols, except the **Bonus** symbols, to form winning combinations.

**Wilds** only appear on the horizontal top tracker.

**Note:** If no specific payouts for Wild are displayed in the pay table, a combination formed exclusively with Wild will pay just like the highest paying symbol, if that combination is the highest winning combination on a way.

## 3.3. Top Tracker

The horizontal tracker on top of reels 2, 3, 4 and 5 will add a symbol to each reel it is above.

## 3.4. Cascading Wins

Symbols spin into position to form a number of Megaways. Any win in view will start a Cascade.

Symbols in winning combinations will explode and new symbols will drop into position. Cascades will continue until no new wins are formed.

Winning symbols on the horizontal top tracker will be replaced by symbols shifting from right to left.

**Note:** During cascading wins, the number of ways is fixed at the same amount as on the initial winning spin.

**Bonus** symbols cannot be broken and will remain on screen until no more wins are formed.

## 3.5. Mystery symbol

Randomly, on any spin a number of **Mystery** symbols can land in view.

**Note:** All Mystery symbols will turn into the same symbol, except **Wild** or **Bonus** symbols.

## 3.6. Free Spins

Landing 4 **Bonus** symbols anywhere on the reels will trigger 12 **Free Spins**.

5 more Free Spins will be added for each additional **Bonus** symbol, up to a maximum of 27 **Free Spins**.

Further **Free Spins** can be won during the feature by landing 3 or 4 **Bonus** symbols on the top tracker only.

**Note:** 3 **Bonus** symbols will award +5 **Free Spins**, while 4 **Bonus** symbols will award +10 **Free Spins**.

During **Free Spins**, **Bonus** symbols can only appear on the top tracker.

## 3.7. Unlimited Multiplier

An unlimited win multiplier, starting at x1, is active during **Free Spins**.

After every cascading win during Free Spins, the multiplier will increase by x1.

The new multiplier will apply to the next free spins win, whether it comes during the same series of cascades or on a later free spin.
