Synchronised Reels Feature

Each reel in *MegaJackpots Mistress of Egypt* includes large stacks of the same symbol.

Any symbol may appear in any stack, except the Bonus Scatter, Wild, and *MegaJackpots* Bonus Game Wild Symbols.

The same symbol may appear in large stacks on multiple reels on the same spin.

Winning the MegaJackpots Progressive

Every bet offers a chance to win the *MegaJackpots* Progressive. The higher the bet, the better the odds of winning.

The odds of winning the Jackpot are proportional to the actual bet amount. Therefore, the game is completely fair, offering the same odds per amount bet per currency.

For example, a player playing at a 0.20 coin value has twice the chance of winning the Jackpot as a player playing at a 0.10 coin value in the same game and currency. The expected return to player is the same for both players.

See Rules for information regarding payout.

In some jurisdictions, regardless of bet size, there may be an award cap on any single transaction. See the paytable for details. A transaction includes the results of the bonus, plus the outcome which launched the bonus. If the award cap is reached in the bonus, the bonus ends immediately, even if there are remaining free spins.

MegaJackpots Rules

When a player wins the Jackpot, a notification message appears. Customer service will contact the player within 24 hours with details of your Jackpot payout. The award verification may take up to 72 hours, and the win will not be reflected in your account balance. You may continue to play. It will not affect your Jackpot.

The amount paid after verification is approximately the amount seen on the Jackpot meter when the win occurs. Potentially, the awarded Jackpot could be somewhat higher because of display delays.

In an exceptionally rare case, two players may simultaneously win **MegaJackpots**. The order of the winners is determined solely by the timestamp applied to each transaction request as it is received by the **MegaJackpots** server. The official **MegaJackpots** winning outcome belongs to the player whose transaction timestamp is first. The player whose timestamp is second may win the jackpot Re-Seed Amount if their **MegaJackpots** winning outcome occurred just after the other player's **MegaJackpots** win, but before the **MegaJackpots** meter was able to reset.

All applicable taxes and fees in connection with any winnings awarded to the player, and any other payments to the winning player are his/her sole responsibility. Winnings cannot be transferred, substituted, or redeemed for any other consideration.

Jackpot represents an increasing top award where the growth is funded by a fixed percentage of each bet placed by all players playing for the jackpot.
