

## ALC Game Rules – Additional Information (Midnight Matinee)

### ENGLISH SLOTS

Game Help and Paytable are available within game.

#### **ADDITIONAL INFORMATION**

##### **MIDNIGHT MATINEE WILDS**

When the Midnight Matinee symbol lands on reel 5 in any position, the Midnight Matinee symbol and all Monster symbols on the reels become wild. The Wild symbols are wild for all symbols, except the Bonus symbol and the Free Spin symbol.

##### **MAGIC GRAVEYARD BONUS**

Bonus symbol is a scattered symbol. 3 Bonus symbols scattered on reels 1, 3 and 5 trigger the bonus. 5 picks are awarded and a spooky graveyard full of tombstones is revealed. Picking each tombstone may reveal a prize of credits ranging from 30 to 100 credits x bet multiplier, 3 additional picks, or a +1 multiplier increase. The bonus may award a total of up to 17 picks and a 5x multiplier. The multiplier applies to the bonus credits won. Player's choice of picks has no impact on the awarded prize.

##### **FREE SPIN BONUS WITH WILD STICKY STACKS (TM)**

Free Spin symbol is a scattered symbol. Three Free Spin symbols landing scattered on reels 3, 4 and 5 triggers the Free Spin Bonus with Wild Sticky Stacks and awards a credit prize of 2x total bet. The player will be prompted to pick one of the 4 Monster symbols to act as the Sticky Stack and to initiate the free spins. The player is awarded 6 free spins. Like the base game, all Monster symbols appear in stacks in the Free Spin Bonus. During the free spins, the player's chosen Monster symbol will act as the Sticky Stack. When the chosen Monster symbol appears on the reels, the symbol(s) will remain for the duration of the free spins acting as a sticky wild for the rest of the spins. The other Monster symbols act as normal line pays (non-wild, non-sticky). The Free Spin Bonus uses an alternate set of reels.

#### **Interrupted Game**

In the event of disconnection, an interrupted bonus feature may be resumed immediately by starting the game again. The results of a completed reel spin (where display of the visual result was interrupted) will not be re-displayed within the game but may be reviewed in My Transaction History.

Any amount wagered on an unfinished spin will remain paused until you either complete the game, the game is voided, or it's auto completed within 24 to 48 hours. When an unfinished spin is voided, your bet will be refunded to your account.

#### **Game History**

The result of a completed game may be viewed in My Transaction History immediately after closing the game window. Results of unfinished games are not displayed in My Transaction History.

#### **Expected Payback**

Classification: Internal. This is typically routine business information. Any employee within ALC may view the information. Discretion should be used when sharing the information with a third party.

*The theoretical average return to player (RTP) is 93.94%. This RTP represents the long-term expected payback of the game which has been calculated by an independent testing lab. Bet settings determine the RTP percentage range; adjusting the bet settings to the maximum number of lines, bet levels, or bet multipliers provides the maximum RTP.*
