

ALC Game Rules – Additional Information (Money Frog)

ENGLISH SLOTS

Game Help and Paytable are available within game.

ADDITIONAL INFORMATION

Mystery Jackpot

Mystery Jackpots are available at any bet level. On random, non-winning, base game plays, one or both of the jackpots may award. Mystery Jackpots award the amount displayed in the awarding jackpot meter. Play max bet for more chances to win a Mystery Jackpot.

Progressive Tiers are funded by a percentage of all wagers.

Free Spin Bonus

Bonus symbol is a scattered symbol. When three or more Bonus symbols land scattered on any reels, the player is awarded a varying number of free spins and the corresponding credit prize listed on the paytable. Three Bonus symbols awards 7 spins. Four Bonus symbols awards 10 spins. Five Bonus symbols awards 12 spins. During the Free Spins the Money Frog Wild symbol remains wild. When a Money Frog Wild lands, the background of that reel position changes into a Locked Wild position for the remaining free spins. If an additional Money Frog Wild lands on a Locked Wild position, a 2x Wild Multiplier is created and retained until the bonus ends. Subsequent Money Frog Wild symbols landing on that position add +1 to the multiplier amount, up to 7x. Multipliers on the same payline are multiplicative. The Free Spin Bonus uses an alternate set of reels and cannot be retriggeded.

Interrupted Game

In the event of disconnection, an interrupted bonus feature may be resumed immediately by starting the game again. The results of a completed reel spin (where display of the visual result was interrupted) will not be re-displayed within the game but may be reviewed in My Transaction History.

Any amount wagered on an unfinished spin will remain paused until you either complete the game, the game is voided, or it's auto completed within 24 to 48 hours. When an unfinished spin is voided, your bet will be refunded to your account.

Game History

The result of a completed game may be viewed in My Transaction History immediately after closing the game window. Results of unfinished games are not displayed in My Transaction History.

Expected Payback

The theoretical average return to player (RTP) is 95.94%. This RTP represents the long-term expected payback of the game which has been calculated by an independent testing lab. Bet settings determine

Classification: Internal. This information is considered normal or routine business information. Any employee within Atlantic Lottery may view the information. Discretion should be used when sharing the information with third parties and stakeholders.

the RTP percentage range; adjusting the bet settings to the maximum number of lines, bet levels, or bet multipliers provides the maximum RTP.
