Prosperity Respin Bonus

During the base game or free spins, 6 or more scattered Money Balls appearing in any position on the reels triggers the *Prosperity Respin Bonus*. Triggering the *Prosperity Respin Bonus* feature awards 3 respins.

The *Prosperity Respin Bonus* begins with game position 1 active. If 9 or more Money Balls appear on the reels in the triggering spin, game position 2 is activated.

Each Money Ball on the reels appears with a value or a Major, Minor, or Mini jackpot icon.

Each unlocked symbol position in all 4 game positions is a separate reel during the respins. Only Money Balls are available during the bonus.

All symbol positions containing Money Balls in game position 1 lock for the remainder of the bonus.

Collect the number of required Money Balls displayed on an inactive game position to activate that game position:

- 9 Money Balls in game position 1 activates game position 2
- A total of 18 Money Balls in game positions 1 and 2 activates game position 3
- A total of 32 Money Balls in game positions 1, 2, and 3 activates game position 4

If a Money Ball appears on 1 or more unlocked reels in an active game position after a respin, the number of respins remaining resets to 3, the number of Money Balls appearing on unlocked reels in active game positions are collected in each More to Activate meter, and all symbol positions containing Money Balls in all game positions lock for the remainder of the bonus.

If the required number of Money Balls have been collected for a game position, that game position is activated for that respin and the remainder of the bonus.

Wins are evaluated in active game positions after all awarded respins have been played or after all reels in all game positions have locked. Any respins remaining after all reels in all game positions have locked are not played.

If 15 Money Balls appear on the reels in an active game position, the Grand jackpot is awarded.

Each Money Ball appearing with a Major, Minor, or Mini jackpot icon in an active game position awards the Major jackpot, Minor jackpot, or Mini jackpot, respectively.

All values appearing with Money Balls in active game positions are also awarded.

The *Prosperity Respin Bonus* continues until no respins remain or until all reels have locked, with all accumulated wins awarded to the player.

More than 1 jackpot may be awarded during the *Prosperity Respin Bonus*. If more than 1 Grand jackpot is awarded, the progressive value is paid on the first award only. Any other Grand jackpot awarded pays the reset value.

Different reels are used during the *Prosperity Respin Bonus*. Different reels are used for each game position. Reels are determined at the start of each respin and depend on the number of locked Money Balls on the reels.

Prosperity Pot Feature

After the reels stop spinning, 1 to 5 Money Balls appearing in any position on the reels in a base game or free spin may trigger the *Prosperity Pot* feature.

If awarded, the Prosperity Pot places 1 to 5 additional Money Balls on the reels for a total of 6 Money Balls to trigger the *Prosperity Respin Bonus*. Money Balls cannot be placed on a symbol position that contains a Money Ball or a Bonus Symbol.

MultiWay Feature

With the **MultiWay** feature, there are 243 ways to win on every spin. **MultiWay** wins pay for matching symbols in any position in adjacent columns, starting from the leftmost column. More than 1 matching symbol in the same column multiplies the award. The Wild Symbol substitutes for all symbols except for the Money Ball and Bonus Symbol. Only the highest paying **MultiWay** win for each symbol is paid per spin.

Example of a **MultiWay** payout:

The following diagram shows a sample reel outcome using the Queen Symbol. Because there is at least 1 Queen or Wild Symbol in each of the first 4 columns, the player has won the 4 Queen **MultiWay** win which pays 10 coins per way.

Payout example: 1 x 2 x 3 x 1 Queens = 6 winning ways:

Column 1	Column 2	Column 3	Column 4	Column 5
		Wild	Queen	
Queen	Wild	Queen		
	Wild	Wild		
1 Queen	2 Queens	3 Queens	1 Queen	

To determine the payout for this combination:

1. Count the number of Queen and Wild Symbols in each column.
2. Calculate the total number of winning ways ($1 \times 2 \times 3 \times 1 = 6$).
3. Multiply the number of ways by the 4 Queen Symbol win ($6 \times 10 = 60$). The win is 60 coins.

The actual amount won in currency is based on the coin value.

Free Spins Bonus

The *Free Spins Bonus* is triggered when 3 Bonus Scatter Symbols appear anywhere on the reels. These symbols are only found on reels 2, 3, and 4.

Triggering the *Free Spins Bonus* awards 10 free spins.

The *Free Spins Bonus* is retriggered when 3 Bonus Scatter Symbols appear anywhere on the reels. These symbols are only found on reels 2, 3, and 4.

During free spins, the Prosperity Pot may place 2x, 3x, 4x, or 5x Multiplier Wild Symbols on reels 2, 3, 4, and 5. A maximum of 3 Multiplier Wild Symbols may be placed per free spin.

2x, 3x, 4x, or 5x Multiplier Wild Symbol substituting in a **MultiWay** win multiplies the pay for that win by 2x, 3x, 4x, or 5x, respectively.

More than 1 Multiplier Wild Symbol may substitute and multiply in a **MultiWay** win, up to 60x.

The bonus can be retriggered multiple times, up to a maximum of 60 free spins per bonus.

Reels used in the *Free Spins Bonus* are different from the reels used in the base game.

Free spins are played at same coin value as the triggering spin.

Rules

Misuse or malfunction voids all pays and plays.

MultiWay wins pay for the same symbol in any position in adjacent columns.

Same symbol in same column multiplies win.

MultiWay wins pay left to right.

Only the highest paying **MultiWay** win for each symbol is paid per spin.

Coinciding **MultiWay** wins from different symbols are added.

MultiWay wins are multiplied by the coin value.

Wild Symbol appears on reels 2, 3, 4, and 5 in the base game and *Free Spins Bonus*.

Wild Symbol is wild and substitutes for all symbols except Money Ball and Bonus Symbol in the base game and the *Free Spins Bonus*.

2x, 3x, 4x, or 5x Multiplier Wild Symbols are wild and substitute for all symbols except Money Ball and Bonus Symbol in the *Free Spins Bonus*.

Bonus wins are independent from **MultiWay** wins and are added to the total amount paid.

Major, Minor, and Mini jackpot values are multiplied by the coin value.

Major, Minor, and Mini jackpots are fixed awards and are not shared – they are only winnable by the player.

Grand jackpot is a shared progressive. The growth is funded by a fixed percentage of each bet placed by all players.

The odds of winning the Grand jackpot are proportional to the actual bet amount within an accuracy of 0.1%.

The amount paid for the Grand jackpot is approximately the amount seen on the progressive meter when the win occurs. Potentially, the awarded progressive could be somewhat higher because of display delays. In an exceptionally rare case, 2 players may simultaneously win the same progressive. The order of winners is determined solely by the timestamp applied to each transaction request as it is received by our servers. The official winning outcome belongs to the player whose transaction timestamp is first. The player whose timestamp is second will win the progressive re-seed amount if their winning outcome occurred just after the other player's win, but before the meter was able to reset.

The number of coins in the Prosperity Pot has no effect on game play.

Wins are shown in currency.

In some jurisdictions, regardless of bet size, there may be an award cap on any single transaction. See the paytable for details. A transaction includes the results of the bonus, plus the outcome which launched the bonus. If the award cap is reached in the bonus, the bonus ends immediately, even if there are remaining free spins.
