Stacked Wilds Feature

With the **Stacked Wilds** feature, each reel is loaded with groups of four or more consecutive Wild symbols. In the **Free Spins Bonus**, the **Stacked Wilds** feature is even richer and more plentiful.

Free Spins Bonus

The **Free Spins Bonus** is triggered when three Bonus scatter symbols appear anywhere on the centre reels. These symbols are found on reels 2, 3, and 4 only.

A single wheel spin occurs before the *Free Spins Bonus* to determine the number of initial free spins awarded. After the wheel stops, 10, 15, or 20 free spins are awarded as indicated by the wheel pointer.

The reels in the *Free Spins Bonus* have a richer, more plentiful **Stacked Wilds** feature than the base game reels.

Each Plus 1 Spin symbol in any position on the reels awards 1 extra free spin, up to a maximum of 100 free spins per bonus.

Reels used in the *Free Spins Bonus* are different from the reels used in the base game.

Free spins are played at same line bet and same number of paylines as the triggering spin.

Jackpot Bonus

Wild symbols that appear on the reels during the *Free Spins Bonus* are collected to win Jackpot awards.

At the end of the bonus, the total number of Wild symbols is compared to the Jackpot thresholds and the highest single eligible Jackpot is awarded.

The number of Wild symbols collected always start at zero on each *Free Spins Bonus* trigger.

Number of Wild Symbols	Jackpot Starting Value
100 or more	2000
65 to 99	500
40 to 64	200
20 to 39	125
less than 20	80

Each Level Up symbol in any position on reel 3 increases each Jackpot by its starting value.

Each Double Level Up symbol in any position on reel 3 increases each Jackpot by 2 times its starting value.

Jackpots may be increased up to a maximum of 10 times.

After all awarded free spins have been played, the Jackpot value is awarded corresponding to the highest number of Wild symbols collected.

Jackpot values are multiplied by the line bet.

Rules

Misuse or malfunction voids all pays and plays.

All line win symbols must appear on a played line and on consecutive reels, beginning with the far-left reel.

Only the highest winner is paid on each payline. Line wins are multiplied by the line bet on the winning line. Coinciding line wins on different paylines are added.

Only the highest scatter win is paid per scatter symbol. Scatter wins are multiplied by the total bet.

Scatter wins are independent from line wins and are added to the total amount paid.

Bonus wins are independent from line wins and are added to the total amount paid.

Wild symbol appears on all reels in the base game and the *Free Spins Bonus*.

Wins are shown in currency.

In some jurisdictions, regardless of bet size, there is an award cap on any single transaction. See the payable for details. A transaction includes the results of the bonus, plus the outcome which launched the bonus. If the award cap is reached in the bonus, the bonus ends immediately, even if there are remaining free spins.

Additional Information

Expected Payback

In accordance with fair gaming practices required in most legal jurisdictions worldwide, each and every game outcome is completely independent, except in cases where one spin unlocks a feature for a subsequent spin or series of spins, per the game rules. The odds of getting any particular outcome are always the same.

The odds do not vary based on prior outcomes, bet size, balance size, time of day, day of week, etc. For example, if the top award is won on a given play of the game, the chances of winning the top award on the next play are exactly the same. Likewise, prior losses do not change future odds.

The expected payback reflects the theoretical return across a very large number of plays by numerous players over an extended period of time. The results for any given player over a play session can vary widely from this long-term, expected average in either direction. The fewer the number of games played, the wider the normal variance of actual payback that may be experienced.
