Prize Disk Feature

The *Prize Disk* feature is triggered when a Bonus scatter symbol appears on the reels. These symbols appear on reels 1, 3, and 5 in the base game and on all reels in the *Free Spins Bonus*.

Each triggering Bonus scatter symbol pays a bonus win or awards free spins as shown in the *Prize Disk* position above the triggering symbol.

On each spin, the awards in the *Prize Disk* shift one reel to the left, introducing a different award in the *Prize Disk* position above the fifth reel.

If a Bonus scatter symbol appears in any position on reel 3 and awards a prize, the prize value is multiplied by 3.

If a Bonus scatter symbol appears in any position on reel 2 or reel 4 during the *Free Spin Bonus*, and awards a prize, the prize value is multiplied by 2.

The *Prize Disk* values used during the *Free Spins Bonus* are different from the *Prize Disk* values used in the base game. *Prize Disk* values are 2x – 70x the total bet in the base game, and 2x – 150x the total bet in the *Free Spin Bonus*.

The available *Prize Disk* values differ per total bet and are stored across play sessions.

Free Spins Bonus

The *Free Spins Bonus* is triggered when one or more Free Spins symbols are awarded from the *Prize Disk* feature. Each triggering Free Spins symbol awards 10 free spins. The reels in the *Free Spins Bonus* are richer than the base game reels, with more Bonus symbols added to the reels.

The *Free Spins Bonus* is retriggered when one or more Extra Spins symbols are awarded from the *Prize Disk* feature. Each triggering Extra Spins symbol awards 2 additional free spins.

The bonus can be retriggered multiple times, up to a maximum of 250 free spins per bonus.

Reels used during the *Free Spins Bonus* are different from the reels used in the base game.

Free spins are played at the same total bet and same number of paylines as the triggering spin.

In some jurisdictions, regardless of bet size, there is an award cap on any single transaction. See the payable for details. A transaction includes the results of the bonus, plus the outcome which launched the bonus. If the award cap is reached in the bonus, the bonus ends immediately, even if there are remaining free spins.

Additional Information

Expected Payback

In accordance with fair gaming practices required in most legal jurisdictions worldwide, each and every game outcome is completely independent, except in cases where one spin unlocks a feature for a subsequent spin or series of spins, per the game rules. The odds of getting any particular outcome are always the same.

The odds do not vary based on prior outcomes, bet size, balance size, time of day, day of week, etc. For example, if the top award is won on a given play of the game, the chances of winning the top award on the next play are exactly the same. Likewise, prior losses do not change future odds.

The expected payback reflects the theoretical return across a very large number of plays by numerous players over an extended period of time. The results for any given player over a play session can vary widely from this long-term, expected average in either direction. The fewer the number of games played, the wider the normal variance of actual payback that may be experienced.
